

## **Red Ribbon Club**

Red Ribbon Club (RRC) is a voluntary program for students in educational institutions. RRC is a platform where skill and knowledge building sessions are conducted for the youth population. Through RRC, youths are encouraged to learn about safe and healthy lifestyles. The strategy is to promote health seeking behaviour and voluntary blood donation as well as enable them to become change agents in HIV & AIDS prevention programs in the college. With this aim RRC of Pragjyotish College was set up in the year 2009.

### **Vision:**

-To provide an opportunity to build the young leaders to become responsible citizens and socially responsible in creating a safe environment.

-To impart the required skills among students on creating awareness and effective group interaction.

### **Mission:**

To prepare the youth as peer educators and agents of change among the youth population and in the society at large by developing their skills in leadership, advocacy, communication and team building.

### **Future Plan for RRC, Pragjyotish College:**

- To spread awareness over HIV/AIDS in and around Pragjyotish College and in some nearby schools.
- To harness the potential of the youth by equipping them with correct information on HIV prevention, care, support & treatment.
- To organize health & voluntary blood donation camp.
